SERVICE INFORMATION

If the power foldable outside mirrors are manually folded/unfolded or bumped, the mirror body can become loose at the pivot point.

If this occurs, the mirrors should be adjusted again electrically before driving.

To readjust the mirrors, press the “CLOSE” switch (see Figure 1) until the mirrors are fully folded in, and then press the “OPEN” switch until the mirrors are fully open.

This mirror readjustment procedure is included in section 3 - **Pre-driving checks and adjustments** of the vehicle Owner’s Manual.

NOTE:

- DO NOT replace the power foldable outside mirrors for this condition, should it occur.
- This condition is not covered under the Nissan New Vehicle Limited Warranty.
