RE: Request for Visit: 2017-2019 NSX Steering Wheel Noise

This message is solely directed to Acura dealership personnel; please handle accordingly.  
Print this i/N message and provide a copy to the Shop Foreman and all Service Consultants.

**Background**

American Honda Motor Co., Inc. (AHM) is investigating certain 2017-2019 NSXs with a client complaint of a rattle noise coming from the steering wheel (driver's airbag area). To fully understand the cause of this condition, AHM would like to inspect the vehicle prior to you attempting a repair of any kind.

**Qualifiers**

AHM is interested ONLY if the vehicle meets the following requirements:

1. Must be able to duplicate the issue.
2. First time complaint only.
3. Vehicle has not been in a collision.
4. No repair has been attempted for this issue during the current visit.

**Action Required**

If you have or know of such a vehicle, please call the Technical Research & Support (TRS) Group at 800-880-1072. TRS will need to record certain vehicle information and provide you with further instructions.

Thank you.
