

PRODUCT UPDATE

Lift Axle Control Kits

LIT NO: P56047

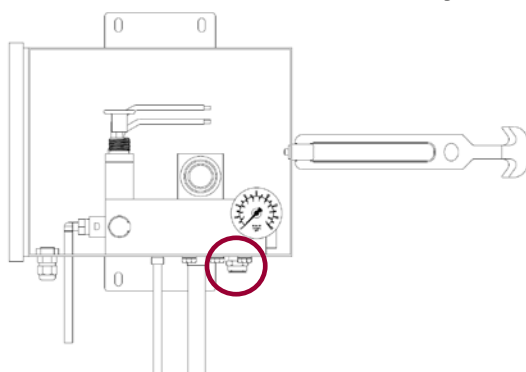

DATE: August 2018

Hendrickson Trailer Commercial Vehicle Systems announces a change to its Lift Axle Control Kits. Beginning in late August 2018, the vent protector will be replaced with a ¼" NPTF barbed tube fitting and ¼" ID tube. This change is being made to commonize parts within the assembly. The barbed tube fitting and tube will be shipped loose and require installation.

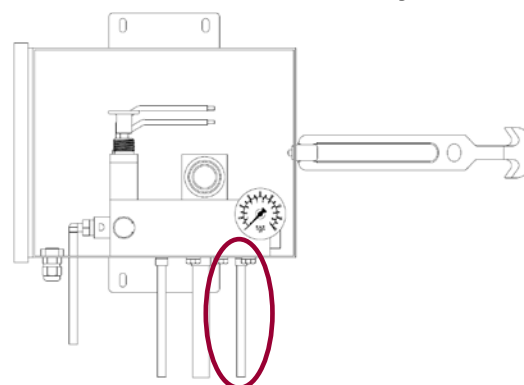

The function of the Lift Axle Controls is unchanged. The part numbers effected are listed in the chart below. All kits, regardless of mounting option (bracket vs. stainless steel enclosure), will have this change. For illustration purposes, AKAD2011-1 is shown.

Part Numbers				
AKAD0008-1	AKAD0009-1	AKAD2010-1	AKAD2011-1	VS-31844-1
AKAD0008-2	AKAD0009-2	AKAD2010-2	AKAD2011-2	VS-31844-2

Current Lift Axle Assembly

New Lift Axle Assembly

The vent protector aftermarket replacement part number, VS-31819, will no longer be available. It is replaced by VS-24580 barbed tube fitting and VS-24581 ¼" ID tube.

As always, Hendrickson is committed to providing world-class products and exceptional customer service. Please contact your Hendrickson sales representative or call 1-866-RIDEAIR (743-3247) to speak with customer service regarding the change.

Call Hendrickson at **330.489.0045** or **866.RIDEAIR (743.3247)** for additional information.
