From: Technical Research & Support Group
RE: Request for Visit: 2019 Odyssey Soft Brakes

*This message is solely directed to Honda dealership personnel; please handle accordingly.
Print this iN message and provide a copy to the Shop Foreman and all Service Advisors.*

Background

American Honda Motor Co., Inc. (AHM) is investigating certain 2019 Odysseys with a customer complaint of the brakes having a soft feel or having excessive pedal travel. To fully understand the cause of this condition, AHM would like to inspect the vehicle prior to you attempting a repair of any kind.

Qualifiers

AHM is interested ONLY if the vehicle meets the following requirements:

1. Mileage must be under 1,000 miles.
2. Inventory unit is also accepted.
3. No previous repairs to the brakes.

Action Required

If you have or know of such a vehicle, please call the Technical Research & Support (TRS) Group at 800-880-1072. TRS will need to record certain vehicle information and provide you with further instructions.

Thank you.
