Supersession Statement

This PI was superseded to update Models section. Please discard PIT5241E.

Condition / Concern

Some customers may request the factory Integrated Trailer Brake Controller (RPO JL1) be installed on their Full-Size Pickup or SUV when the vehicle was not ordered with the option. This is to advise you that, if the vehicle does not have the option (RPO JL1), it cannot be added to the vehicle.

Note: Reference the latest version of PI1105 - which advises how to install an aftermarket trailer brake controller.
