SUBJECT: Service Campaign T3D - 2017-18 Ioniq Hybrid BMS Update
(TSB# 18-01-028)

Hyundai Motor America is conducting a Service Campaign to update the BMS software on certain 2017-18 Model Year Ioniq Hybrid vehicles. Service Campaign T3D provides a procedure to update the BMS ECU software.

In order to identify only those vehicles affected by Service Campaign T3D, it will be necessary to access Hyundai Motor America's "Warranty Vehicle Information" screen via WEBDCS before starting the repair. The "Warranty Vehicle Information" screen will identify affected vehicles with an open Service Campaign T3D.

A listing of VEHICLES is also located on WEBDCS, SERVICE tab, select INFORMATION, and select UNCOMPLETED CAMPAIGN VIN LISTING - Dealer Stock and Retailed.

TSB #18-01-028 is available on Hyundai's Website as of September 06, 2018. It contains instructions on performing the service and submitting the campaign claim.

Applicable software for this campaign is available on Hyundai's Service Website.

It is IMPORTANT TO SUBMIT A CAMPAIGN CLAIM FOR EACH VEHICLE SERVICED so your dealership can be compensated for your work and Hyundai can maintain accurate records of campaign completions.
