Special Tools & Equipment

Number: ATE-18-13

Subject: VAS611005 Roll Bar Tester Promotion

Date: July 6, 2018

Save 5% on the VAS 611 005 Roll Bar Tester!

If your dealership services the Audi R8 Spyder or A5 Cabriolet, you may have noticed that the Rollover Protection must be tested as part of every 20K Maintenance Service according to the Periodic Maintenance Charts.

The VAS611005 Roll Bar Tester is required to test this function on both of these vehicles.

In an effort to bolster Service Readiness, the Audi Service Tools & Equipment program is currently offering a promotion on the VAS611005 saving you 5% off the normal purchase price of the VAS 611 005.

This tool is an absolute must if you service the Audi R8 Spyder or Audi A5 Cabriolet. We encourage you to take advantage of this limited time offer.
