Subject: Indel B Refrigerator

Dear Customer,

Our records indicate that you are the owner of certain vehicles, and DTNA has decided to share the following documentation with you.

This documentation applies to 2017 Cascadia and Next Generation Cascadia spec'd with Indel B refrigerators built from December 1st, 2016 through May 31st, 2017. If you have functional issues with your refrigerator, please follow the work instructions found in <http://www.indelb.com/manuals> to diagnose and troubleshoot the problem. If the refrigerator still does not operate correctly, please replace the refrigerator with the supplied part. Note that the normal 1 year warranty period has been extended by an additional year for vehicles built in the above date range. DTNAs OWL (Online Warranty Link) system has been updated to reflect this additional coverage on affected vehicles.

We hope you find this information helpful.
