Effective: 05/17/18
Release: 05/17/18

SUBJECT: FL756 – Automotive Connector Terminal Removal Tool

This letter is to inform you that the automotive connector terminal removal tool (DDE DK10CHA17002-1), used in step 7 of the FL756 work instructions, is part of tool kit DDE DK10CHA17001. Check this kit for the tool as your location should already have this required kit. If you do not have it in the kit please order a replacement tool.

If you have questions or need further information, contact the Warranty Campaigns Department by submitting an inquiry through the WSC Link on DTNAConnect.

The information contained in this letter supercedes and supplements any related policies and procedures in any previously released bulletins, the Warranty Manual, and/or previously released letters. Failure to read or distribute this letter will not exempt addressees from compliance with the information contained herein.
