M1475: BOOM! BOX GTS - SOFTWARE UPDATE

Purpose for Service Bulletin

This bulletin provides notice of Boom!™ Box GTS software release date. For details on software notes see the owners manual.

This bulletin helps the dealer locate needed information to update and service Boom! Box Audio Infotainment systems. It also lists software revisions release date.

Vehicles Affected

This information applies to all 2019 Touring, Touring CVO and Trike models equipped with a Boom! GTS Infotainment system.

Markets Affected

All markets are affected.

Radio Software

Periodically software updates will be available at no charge. Updates can be downloaded and updated by either the customer or dealership. The software downloads and installation procedure can be found at:

Infotainment Support Resources

Updating software is not covered under warranty. Performing a software update is not necessary if the audio system is functioning correctly. However, updating the software is recommended to correct concerns that may have existed in earlier software versions.
