Battery Replacement Information

Model(s)	Year	Eng. Code	Trans. Code	VIN Range From	VIN Range To
All Models	2018-2019	All	All	All	All

Technical Background

Additional information when replacing an Enhanced Flooded Battery (EFB) battery.

Service

- Some models come with an EFB from the factory. An Absorbed Glass Mat (AGM) battery can be installed in place of the EFB type if designated in the ETKA parts catalog.
- If installing the AGM battery (and it does not have a serial number on it): Select the “next” button on the VAS 6161 or GRX-3000 VAS and it will add the next sequence of numbers.
- Once the AGM battery is installed: Perform the battery adaptation test plan and ensure the new battery type and DIN rating are entered.

Additional Information

Revision History		
Revision Number	Released Date	Reason For Update
2051350/2	8/24/18	Update to model year applicability and battery replacement type information.
2051350/1	5/18/18	Original publication.
