Trailer Hitch Installation Camera Module Concern

Model(s)	Year	Eng. Code	Trans. Code	VIN Range From	VIN Range To
Tiguan LWB	2018	All	All	All	All

Technical Background

NA.

Service

The cause of a possible failure with error message when activating the accessory trailer hitch on Tiguan LWB, could be the peripheral camera module -**J928**- that is installed under passenger seat. This error does not affect systems with back up camera only. The error received may be seen in figure 1 below.

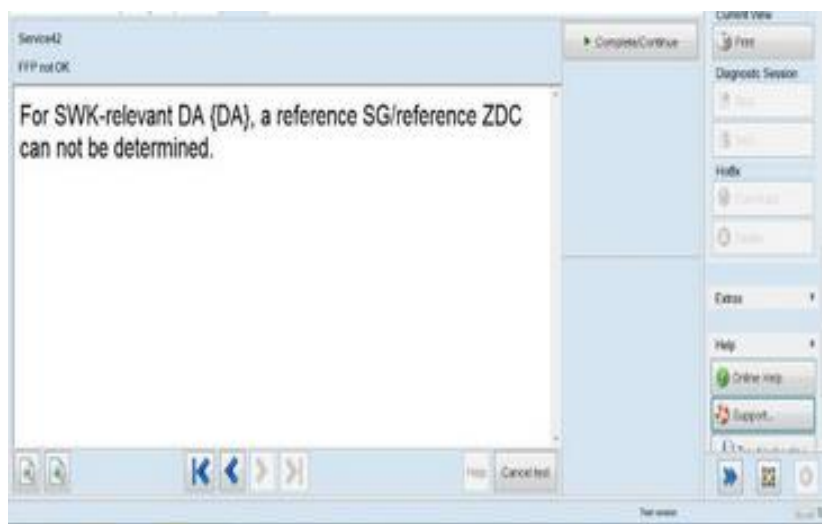

Figure 1

- Check the part number of the peripheral camera module that is installed under passenger seat.

If part number 5Q0907556B is present:

- Replacing the backup camera with part number 5Q0907556C (or newer per ETKA).

Once the camera is replaced and adapted:

- Make sure that AW69 is identified in GFF.
- Continue entering the activation codes and swap key per the trailer hitch accessory instructions and calibrate the peripheral camera system per ELSAPRO instructions.
