

PRODUCT UPDATE **INTRAAX® AAT ZMD® Availability**

LIT NO: P26017

DATE: October 2018

Hendrickson Trailer Commercial Vehicle Systems is pleased to announce the availability of ZMD® ZERO MAINTENANCE DAMPING® ride technology on select INTRAAX® AAT 23K integrated suspensions systems.

Hendrickson's patented ZMD ride technology eliminates conventional shock absorbers and integrates the damping function into the air spring itself. ZMD exchanges pressurized air through channels that interconnect the bellows and the piston of the air spring. Unlike shock absorbers, whose damping capacity is finite and deteriorates with age, ZMD air springs are designed to provide continuous damping over the life of the air spring.

Suspensions equipped with ZMD technology feature long-life, robust down stops, which replace the rebound limiter function traditionally performed by the shock absorber. The ZMD air spring and down stop feature a 3-year parts and labor warranty.

ZMD ride technology can be specified on new or retrofitted on existing INTRAAX AAT 23K suspension systems with 14" through 17" ride heights and standard travel with no high control. All axle style options are available with this specification including RCA Raised-Center Axle. Limited rebound travel is recommended when spec'ing RCA on Hendrickson's suspension systems. If spec'ing RCA, limited rebound travel is available on 14" or 16" ride heights. For more information, refer to L1209 ZMD Flyer, L1212 ZMD FAQ or L1065 RCA Flyer.

To receive a valid model number, price and availability for an INTRAAX AAT 23K suspension system equipped with ZMD technology, please submit L602 INTRAAX Ordering Guide to your customer service representative. Hendrickson's ZMD technology for INTRAAX can be requested by selecting ZMD in the Shock Absorber and Air Spring section of the INTRAAX ordering guide.

As always, Hendrickson is committed to supplying innovative products that enhance the value, serviceability and lifespan of your vehicles. Please contact us at 1-866-RIDEAIR (743-3247) or visit www.hendrickson-intl.com for more information.

Call Hendrickson at 330.489.0045 or 866.RIDEAIR (743.3247) for additional information.
