Description of Revisions: *This bulletin replaces the version dated September 2016. The fixed and adjustable part numbers for 14-15322-001 have been revised.*

General Information

Original steering intermediate shaft (I-shaft) designs have been replaced by a new design that may require replacing the existing firewall bushing. Once stock is gone, original I-shafts will no longer be available.

Parts

To replace an I-shaft, use the parts listed in [Table 1](#).
