SUBJECT: **DD5/DD8 Injector Breakout Box Overlay DPI930E18001**

GENERAL INFORMATION

The Detroit™ special tools group has developed a new overlay to replace DTI936E16020 which has an error. DPI930E18001 is an overlay for the J-48671-HDE injector harness Breakout Box (BOB). The new overlay is used with the BOB to diagnose injector harness issues.

ORDERING INFORMATION

This tool is essential and will be automatically shipped and invoiced to your facility. Additional tools can be ordered through Paragon using a DDE supplier prefix:

DDE DPI930E18001
