

No.: 18 TL-17
October 31, 2018

TO: Service Locations

FROM: Service Systems Development

SUBJECT: **DDE W715589050700 - Pin Drive Wrench**

715 589 05 07 00

GENERAL INFORMATION

A design change to the DT12 transmission requires a new repair process, and tools. The wrench is needed to facilitate the replacement of the range box piston, with a non-serviceable seal.

REQUIRED ACTION

This tool is essential and will be automatically shipped and invoiced to your facility. Additional tools can be ordered through Paragon using a DDE supplier prefix:

- DDE W715589050700 - Pin Drive Wrench
