MODEL: Karma Revero

DATE: November 2018

TITLE: Service Intervals

First Release

APPLICABILITY: Model year 2018 and 2019 Revero

MARKET REGION: North America

As the Revero experiences more road mileage, the vehicle will prompt for maintenance service to be performed. This is calculated by the internal combustion engine-generator usage, not vehicle mileage. Based on differing usage conditions the mileage the Karma Revero experience between services may vary significantly. The oil life must be reset whenever the oil is changed for the next maintenance interval to be accurate. This oil life indicator can be reset in the touch panel.

This basic maintenance is covered under warranty ONLY if service is prompted by the vehicle.

Maintenance for 2018 Model Year Karma Revero will be covered for three (3) years from the in service date. Maintenance is only covered if vehicle prompts on the Driver Information System (DIS). The following message will appear on the Infotainment screen in conjunction with this:

“Vehicle Service Due. Contact Karma Service Provider.”

Parts and labor may be claimed as necessary. Parts and labor beyond the normal recommended maintenance guidelines will be reviewed case by case. Photographs and/or Repair Order documentation may be requested to verify additional parts and labor. See PO17-01 Covered Maintenance Bulletin for Labor operations etc. (found in the Reference Material Tab in the Warranty section of the dealer portal).

Karma Automotive Bulletins and service documents are intended for use by experienced and trained Technicians. If you lack the skills, tools, equipment and a suitable workshop for any procedure described in this document, we suggest you leave such repairs to a Karma retailer and service provider. See your service provider for advice on whether your vehicle may benefit from the information contained within this document. The information contained in the Karma Bulletin is accurate at the date of publication. However, Karma Automotive regularly updates technical information. Please check with your Karma Automotive Retailer and Karma Automotive service provider that the bulletin you intend to use contains the latest available information.
