Audi Warranty

Number: AWC-18-13

Subject: PDI Total GFF Test Plan

Date: Nov 28, 2018

Dealers: U.S., Puerto Rico

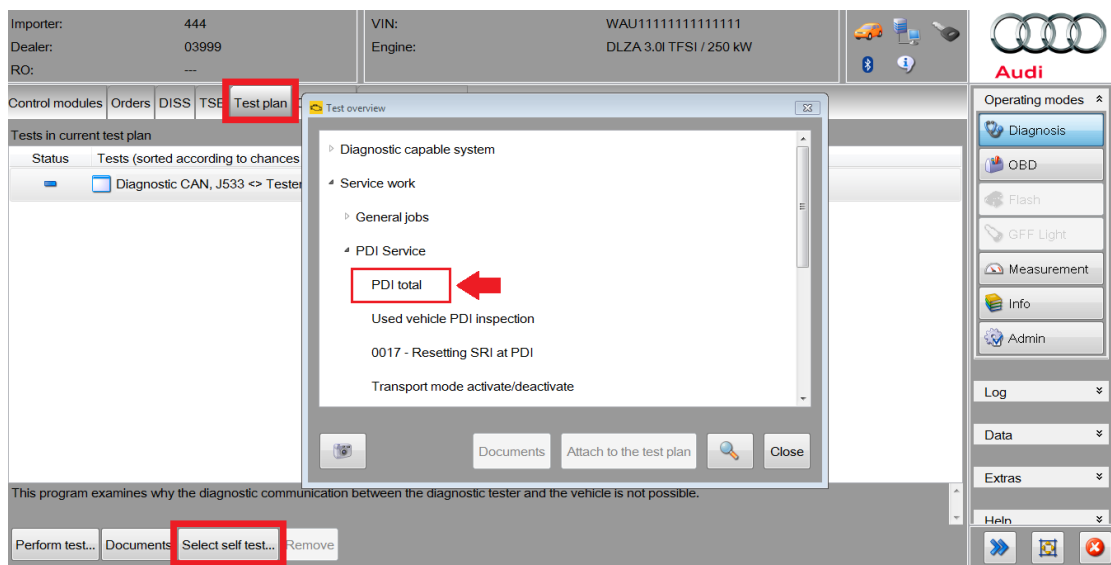

This document conveys general
Warranty information.

Recently, a new Test Plan was added in Guided Fault Findings (GFF) to assist and expedite the Pre-Delivery Inspection (PDI) process. The Test Plan is named “PDI total”, and it contains the following PDI function tests:

- Deactivate transport mode
- Reset service reminder
- Deactivate loading mode (if required)
- 12V battery test (with option 2 for PDI battery test automatically selected)

The Test Plan can be found in two different locations:

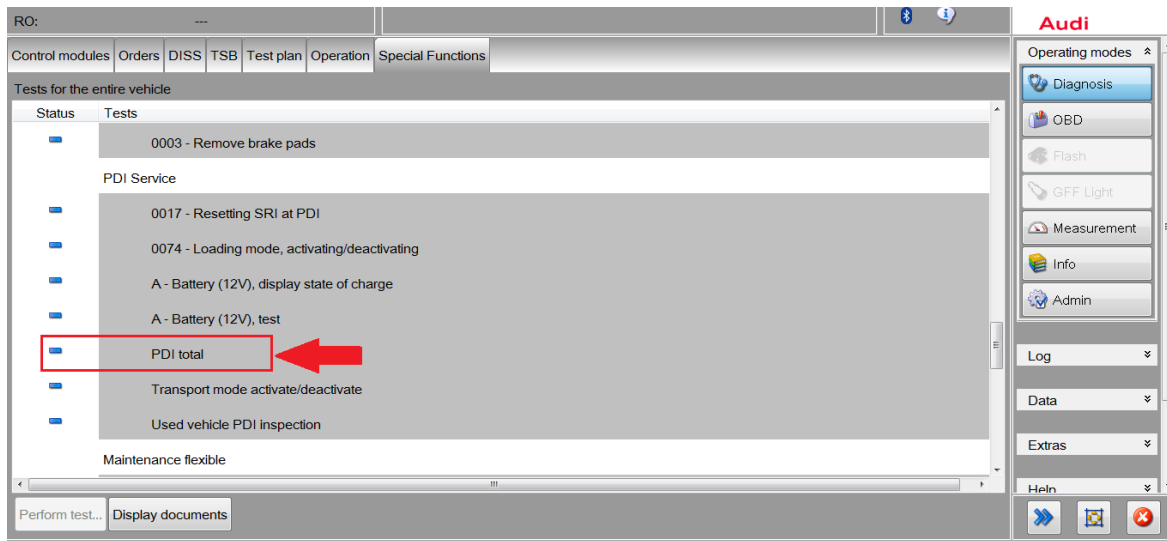

1. Test Plan > Select self test > Service work > PDI Service >PDI total

Warranty Communication

2. Special Functions > PDI total
