#### Correction:

Check for any open recalls, service updates or campaigns on the vehicle.

If recalls, service updates or campaigns are open perform those and use the corresponding labor operations to close those out.

If there are no open recalls, service updates or campaigns and the vehicle is a 2018 model year check for and perform any available ECM calibration updates.

If there are no open recalls, service updates, campaigns or ECM calibration updates, refer to service information for diagnosis of the concern.

If the vehicle is a 2017 model year and there are no available ECM calibration updates, open recalls, service updates or campaigns please clear the DTC and return the vehicle to the customer. GM engineering is aware of the concern and is investigating.
