Text

DESCRIPTION:

Washing and cleaning products with a pH value below pH 3.5 and/or above pH 11.5 is **not recommended** as it can permanently discolour the side door, quarter glass trim moulding and roof rails, see attached pictures.

Using chrome or metal polish on anodized aluminium parts, such as side door, quarter glass trim moulding and roof rails, is **not recommended** as it can discolour the part and destroy protective layers.

SERVICE:

Polishing with non-abrasive wax is allowed if pH value is within pH 3.5 and pH 11.5.

VEHICLE REPORT:

Yes, please submit a Vehicle Report if the service solution described in this TJ has no effect. Use concern area "Vehicle Report" and sub concern area "Support not needed", use function group 8414.
