UPDATED Dealer Daily – Brake Line Color Codes

Warranty Enhancement Programs ZH6 - Certain 2005 – 2010 Model Year Tacoma Vehicles Extension of Warranty Coverage for Frame Corrosion

2005-2008 Tacoma Frame Repair – Brake Line Update

A Brake Line used in certain 2005-2008 model year Tacoma frame replacement repairs has changed.

Part Number: 47323-04160 (TUBE, RR BRAKE, No. 3)

In a previous Dealer Daily (published Feb. 26, 2018), we notified that the new brake lines for this repair will have a white mark as indicated in the photos below. **We received notification that these brake lines with a white dot should not be used.**

For this Brake Line ONLY, please use the chart below to determine which brake line should be used:

Dot Color	Dot Location	Use or Do Not Use
No Dot	N/A	Do Not Use
White	See image below	Do Not Use
White and Pink	See image below	Use
Green	See image below	Use

For any parts that should not be used, we request that dealers return current in-stock brake lines at your dealership to the facing PDC (Part Distribution Center). We are quickly working on stocking inventory of this new part, and expect relief within a few weeks.

White Dot – **Do Not Use**

White and Pink Dots –
Use

Green Dot - **Use**

Thank you for your cooperation.
