VST Operation Number	Description
51221-3	Brake pads rear replacment (only for chassi number below 22196)
51216-0	Brake discs rear 2x replacement

## DTC Diagnostic Trouble Codes

Rows beginning with \* are modified

Note! If using a printed copy of this Technical Journal, first check for the latest online version.

## Text

## DESCRIPTION:

If symptom of squealing noise occurs from the rear brakes during braking (mainly at low speeds), then follow the advice under Service.

\* Changed Chassis Range for Comfort pads

A new brake disk with changed material was introduced from chassis number 124124.

## SERVICE:

If the car is built with **comfort brake pads** (can be identified by VDN code: **RC02**)

\*For chassis numbers below 332436:

\*Replace rear brake discs and rear brake pads (part # 32233035) according to VIDA.

NOTE: Check status of brake disk before replacement. If it has been replaced earlier to the latest version it is no longer needed to replace brake disc again.

## VEHICLE REPORT:

\* Yes, if the new brake disc and pads is already installed, then submit a Vehicle Report if the service solution described in this TJ has no effect. Use concern area "Vehicle Report" and sub concern area "Support not needed", use function group 5122.

Please include a video or sound recording of the noise, include speed, weather conditions and other observations in the vehicle report.
