Model Type: F12 Berlinetta
Model Year: All
Subject: Update of Spare Parts Catalog Table

We would like to inform you that with the latest update of the Online Technical Documentation, table number **43** of the F12 Berlinetta Spare Parts Catalog has been modified, in order to clarify the combination between the spare part number and the engine number for reference **11** – Fig.1.

Reference **11** foresees the different types of belts, in relation to the engine number. The combinations between the spare part and the engine number are shown in the following table.

Ferrari North America

Engine number	Code of the belt to be fitted	Belt tensioning system
Up to engine No. 242122.	No. 314330 BELT	Apply new solution, <u>Order the following additional components:</u> Support No. 294538 ref. 39 Belt tensioner No. 294613 ref. 36 Screw No. 14307434 ref. 37 Washer No. 12642524 ref. 38 Screw No. 248334 ref. 40
From engine No. 242123 to engine No. 304140	No. 314330 BELT	Do not change configuration
From engine No. 304141.	No. 318332 BELT	Do not change configuration

- IMPORTANT -

Pay attention to fit the correct belt combined with the correct belt tensioner system, respecting the indications given in the table. Any problems resulting from incorrect configuration may not be covered under the vehicles warranty or extended service coverage.
