TECHNICAL SERVICE BULLETIN

SUBJECT: SERVICE ACTION: INSPECTION FOR NOISE FROM ENGINE UNDER SPECIFIC CONDITIONS (SA 141)

This bulletin provides information relating to certain 2013MY Rio (UB) vehicles which may exhibit abnormal engine noises, including "rattling" and "chattering", under specific conditions. Only a very small number of vehicles within the identified Production Date range will actually be affected; make sure to follow the detailed instructions and recently updated inspection procedure in this bulletin to prevent unnecessary engine replacement. This procedure applies to vehicles produced from August 09, 2012 to October 09, 2012. Dealer requesting the completion of this Service Action on all affected vehicles in a timely manner to delivery. Before conducting the procedure, verify the vehicle is included in the list of affected VINs.

* NOTICE

A Service Action is a repair program without customer notification that is performed during the warranty period. Any dealer requesting to perform this repair outside the warranty period will require DPSM approval.

Repair status for a VIN is provided on WebDCS (Service> Warranty Coverage> Warranty Coverage Inquiry> Campaign Information). Not completed Recall / Service Action reports are available on WebDCS (Consumer Affairs> Not Completed Recall> Recall VIN> Select Report), which includes a list of affected vehicles.

This issue number is SA141.
