

Warranty Policies and Procedures Bulletin

Audi Warranty

Number: AWA-18-17

Subject: Model Year 2019 A6, A7, A8, and Q8 Launch Allowance Program - Revised

Date: Oct 23, 2018

Dealers: U.S., Puerto Rico

This document modifies the Audi Warranty Policies and Procedures Manual.

REVISED January 22, 2019 to remove A8 and Q8, as their launch period has concluded.

Effective: October 23, 2018

During the launch of the all-new 2019 A6 and A7 vehicles, authorized Audi dealers must participate in the A6 and A7 Launch Allowance Program.

- A Technical Assistance Center (TAC) ticket must be created prior to any repair related to these vehicles, and each ticket must include diagnostic logs and a detailed summary for each customer concern.
- The ticket must be activated by calling TAC for further instructions; the case number assigned must be recorded on the repair order.
- The concern must be corrected after authorization.
- Findings must be reported to close the TAC ticket.
- Part(s) replaced under warranty and requested by the Warranty Parts Return Center (WPRC) must be sent to the WPRC (use the Audi Prepaid Freight Program) within 48 hours after completing the repair.

Warranty reimbursement for the Launch Allowance Program begins with the arrival of the first MY19 A6 and A7 at your dealership, and continues until Audi Product Support communicates an end date to dealers.

Routine maintenance and PDI services do not require prior authorization or a TAC ticket and are excluded from the launch allowance program; however, the described launch procedures must be followed for warranty defects discovered during PDI.

Claim processing/reimbursement/shipping parts

The launch allowance program is applicable per customer concern, and multiple concerns may appear on each repair order; however each concern must be a separate line on the warranty claim. The launch allowance claim must be submitted separately from the warranty claim for the repair.

A single warranty claim for the appropriate number of time units for each repair line may be submitted. Time unit allocation for reimbursement follows:

- ▶ 60 TU for opening (30 TU) and closing (30 TU) the TAC ticket.
- ▶ 40 TU for sending the replaced part(s) to the WPRC within 48 hours after repair completion.

Warranty Policies and Procedures Bulletin

Note: When the customer concern is resolved without part(s) replacement, the requirement to send the replaced part(s) to the WPRC is void; thus only the 60 time units for opening and closing the TAC ticket may be submitted for reimbursement.

Claim submission information:

Claim Type	9SP/1SP	Service No	ALAP
Damage Code	0011	Removed Part	002
Causal – Outside LO Number	ALAP1600 Audi <i>launch allowance program</i>		
\$ Amount = Dealer Warranty Labor Rate x the appropriate time units (60 or 100)			

If the TAC ticket is not closed and/or parts are not sent to the WPRC within 48 hours, the dealer will be debited 30 time units and/or 40 time units respectively.
