

Kit with starter clutch for Testastretta 11° 821cc – 937cc engines

Testastretta 11° 821cc – Testastretta 11° 937cc

Service Bulletin SRV-SRB-19-013

Date: March 14, 2019
To: Dealer Principal, General Manager, Service Manager, North American Dealer Network
From: Richard Kenton, Technical Director
Eric Bradley, Technical Training and Publications Manager

Dear Dealers,

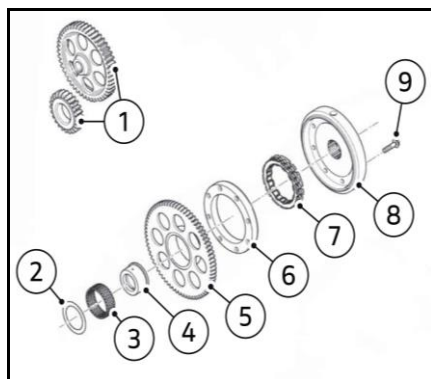

A complete kit has been created and is now available with the complete internal engine parts necessary to install the improved starter clutch system for the following engines:

- Testastretta 11° 821cc
- Testastretta 11° 937cc

installed in the models indicated below:

- Monster 821 Model Year 2015-2019 (all versions)
- Multistrada 950 Model Year 2017-2018
- Hypermotard 939/Hypermotard 939 SP Model Year 2016-2018
- Hyperstrada 939 Model Year 2016-2017
- SuperSport 939 Model Year 2017-2019 (all versions)

For repairs requiring replacement of the starter clutch it is required to use the specified kit for each of the models defined in this bulletin. The 2 available kits are defined on the following pages.

NOTE

For vehicles outside of warranty (standard factory warranty, extended Ducati warranties, and aftermarket warranty) goodwill assistance may be available at the sole discretion of Ducati North America based on the customer records, time and mileage in service, and maintenance history of the vehicle.
