

Kit with starter clutch for Testastretta 11° 1200cc and Testastretta DVT engines

Testastretta 11° 1200cc – Testastretta DVT 1200cc
– Testastretta DVT 1262cc
Service Bulletin SRV-SRB-19-014

Date: March 14, 2019
To: Dealer Principal, General Manager, Service Manager, North American Dealer Network
From: Richard Kenton, Technical Director
Eric Bradley, Technical Training and Publications Manager

Dear Dealers,

A complete kit has been created and is now available with the complete internal engine parts necessary to install the improved starter clutch system for the following engines:

- Testastretta 11° 1200cc
- Testastretta DVT 1200cc
- Testastretta DVT 1262cc

installed in the models indicated below:

- Monster 1200 Model Year 2016 (all versions)
- Diavel Model Year 2016 (all versions)
- Multistrada 1200 Model Year 2015-2016-2017 (all versions)
- XDiavel Model Year 2017-2018 (all versions)

For repairs requiring replacement of the starter clutch it is required to use the specified kit for each of the models defined in this bulletin. The 3 available kits are defined on the following pages.

NOTE

For vehicles outside of warranty (standard factory warranty, extended Ducati warranties, and aftermarket warranty) goodwill assistance may be available at the sole discretion of Ducati North America based on the customer records, time and mileage in service, and maintenance history of the vehicle.
