Service Bulletin**

Description of Revisions: *This bulletin replaces the version dated 01/14/2019. This bulletin is a reminder that paper copy distribution will be discontinued in the near future.*

General Information

Due to the low demand for paper copies of Service Bulletins, and to reduce waste, DTNA will no longer be mailing paper copies of Service Bulletins as of March 15, 2019. Download PDF versions to print, as required, by clicking the icon at the upper right-hand corner of the bulletin on Technical Literature in DTNA Connect. See [Fig. 1](#).

Please contact us at TechComm@daimler.com for any questions or concerns regarding this change.

The screenshot shows a web application interface. At the top, there's a header with 'Convert' and 'Select' buttons. Below this, the main content area is titled 'Validity List' and '00-001 Freightliner Service Bulletin'. It contains two columns of vehicle models: Cascadia, Cargo, FLB COE, Business Class M2, 100SD/114SD, Century Class Conventional, Business Class, Columbia, Argosy COE, FLD Conventional, FLA COE, New Cascadia, FLC 112 Conventional, and 122SD and Coronado. Below the list is a 'Description of Revisions' section. At the bottom, there's an 'Active Service Bulletins' section with a table listing service bulletins.

SB No.	Date	Service Bulletin Title
00-2	Jun17	Technical Publications Ordering
00-5	May17	Freightliner Courtesy Engineering Policy
