

Operate as follows:

1. **MENU** button: Press to display the instrument panel menus.
 The menus do not display if the instrument panel displays any warning or information messages. In this event, press the **OK** button to clear each message after reading and taking any required action. See [WARNING AND INFORMATION MESSAGES](#).
2. **OK** button: Press to select a highlighted menu item.
3. **▲** button: Press to scroll up a menu list and highlight the required menu.
4. **▼** button: Press to scroll down a menu list and highlight the required menu.
5. **»** button: Press and release to view the sub-list for the highlighted menu. Alternatively press the **OK** button.
6. **◀** button: Press and release to return to the previous menu.
7. **◀** button: Press and hold to close and exit the menus.
