

Bulletin No.: PIC6269A  
Published date: 04/1/2019

## Preliminary Information

### PIC6269A CT6 Drive Motor Power Inverter Control Module (PIM) Part Restriction Has Ended

#### Models

Brand:	Model:	Model Years:	VIN:		Engine:	Transmissions:
			from	to		
Cadillac	CT6	2017	All	All	LTG	MRD

<b>Involved Region or Country</b>	North America
<b>Additional Options (RPO)</b>	HP9
<b>Condition</b>	This PI was superseded to remove the Drive Motor Generator Control Module, also known as the PIM, off of restriction.

#### Correction:

General Motors Technical Assistance Center part restriction on the Drive Motor Generator Control Module, also known as the PIM for the 2017 Cadillac CT6 Hybrid has ended.

We would like to thank all dealers who participated in this restriction for their cooperation.

The Drive Motor Generator Control Module can now be ordered through the regular GM CCA parts process or PQC process for required dealers.

Use the vehicle identification number (VIN), SI, and the GM Electronic Parts Catalog to determine the correct part to order.

#### Version History

Version	2
Modified	03/20/2017 - Created on. 04/01/2019 - Updated to end part restriction.
