Ordering Process:

Dealership parts department will order spare tire through the Mitsubishi Motors Diamond Dealer Link (MDL). The spare tire will be drop shipped to the dealership for installation on the spare wheel.

Dealership instructions for ordering spare tire through MDL and Dealer Tire.

1. Start from the MITSU NET main page, and click on the lower left diamond to start the MDL main page. See the example.

2. At the top of the MDL screen click on the word "parts" it will turn from black to red and the word "programs" will open and it will be in red. Click on it. This will open the programs screen in the MDL.

3. In the MDL parts program screen highlight "MiTIRE Program Website" from the list on left portion of the screen. Once highlighted it will turn black, now click on it. This will launch the Dealer Tire web page.

SEARCH BY PRODUCT CATEGORY:
select "Tires."

In the PRODUCT search bar in the gray area tires can be searched by vehicle, by SKU/PART Number or QUICK SEARCH.

SEARCH BY TIRE SIZE:
In the first box to the left type in 155/90D16 and in the Qty box type in 1 click Search.

Select the Falken FK-090 Temp Spare, 155/90D16 100M, SKU59000400 part number DT59000400.

Make sure Qty of 1 is selected and the add button turns green. Click the add button to add tire to the delivery truck.
