Subject: Special Service Campaign JLG - Certain 2010 Model Year Lexus GX 460 - Air Injection Pumps and Air Switching Valves (Dealer)
Date: Thursday, May 2, 2019 2:41:51 PM
Attachments: [JLG Dealer Pkg 5-02-19.pdf](#)

In our continuing efforts to ensure the best in customer satisfaction, Lexus is launching a Special Service Campaign (SSC) on certain 2010 model year GX 460 vehicles.

Condition

There is a possibility that moisture in the air may cause a filter in the vehicle emissions system to degrade. This degradation could cause damage to other parts of the vehicle emission system and illuminate the check engine light (Malfunction Indicator Light).

Remedy

Any authorized Lexus dealer will replace the filter in the air injection pump with one of an improved design and replace the air switching valves in the vehicle emissions system *FREE OF CHARGE*. The dealer will also inspect the air injection pump for damage and may replace the air injection pump, as needed, *FREE OF CHARGE*.

Covered Vehicles

There are approximately 10,900 vehicles covered by this Special Service Campaign. There are approximately 80 vehicles involved in this Special Service Campaign were distributed to Puerto Rico.

Model / Years	Production Period	Approximate Total Vehicles
2010 GX 460	Late July 2009 - Early August 2010	10,900

Please reference the attachment for additional details.

Thank you for your support.
