

EMISSIONS RECALL V08 - 3.0L DIESEL EMISSIONS

VECI LABEL PLACEMENT AND PHOTO REQUIREMENTS

Please ensure Step 47 of Dealer Instructions for Emissions Campaign, V08 is closely followed. It is imperative that the picture being submitted to Warranty shows the label adhered to the vehicle and that the written information, specifically the VIN, is legible. Submitting a legible picture is key to keeping this process efficient. Please reference the pictures below taken directly from Dealer Instructions:

47. Take a picture of the label on the vehicle making sure all label information is legible and submit the photo along with both the pre and post-flash Vehicle Scan Reports via RA to the Warranty Contact Center for reimbursement (Figures 3 and 4).
