Steering Wheel Off Center	2019 Velar
<u>Customer Voice:</u> • Customer states the steering wheel is off center. <u>Technical Description:</u> • At low time in service or during the PDI road test the steering wheel is found to be off center. <u>Status:</u> • This is currently under investigation. • Please submit an EPQR with pictures of the position of the steering wheel and the before and after specs from the alignment.	 A photograph of the driver's side interior of a 2019 Jaguar Velar. The steering wheel is black with silver accents and the Jaguar logo in the center. The dashboard features a digital instrument cluster with two main displays showing speed and RPM. The center console has a gear shifter and handbrake. The overall interior is dark with some metallic trim.
