

**Campaign Code:**

L62X-A.03.19

Campaign Name:Emergency fuel flap actuator procedure correction label**Model:**Huracan**Model Year:**MY15 - MY18**Special or limited editions:**All**Markets:**All**VIN Identification:**From FLA00062 to JLA08600

Important: before proceeding with the repair, connect to the warranty portal and use VIN Info to check that

- The vehicle is actually affected by the instructions given in this bulletin; some vehicles may not be, even when their VIN is included.
- Procedures are identified by a letter (e.g. A, B or C....etc., whose differences will be explained later in this bulletin); make sure that the spare parts corresponding to the assigned procedure are used.

Example

The screenshot shows a web interface for VIN information. It includes fields for VIN (17 DIGITS VIN), MODEL NAME, Start Warranty (DD/MM/YYYY), and End Warranty (DD/MM/YYYY). Below these is a section for 'Outstanding Campaigns' with a table. The table has columns: Code, Type, Description, Bulletin, and Proc. One row is visible with Code 'LXX-A.XX.XX', Type 'CAMPAIGN NAME', and Proc. 'B'. The 'Proc.' column is circled in red.

**NOTE:**

Procedure A will be available only when the instructions require a preliminary check to be performed to determine whether or not the vehicle actually needs updating.

Network information notice:

As the result of continuing product monitoring, Automobili Lamborghini SpA has encountered a mistake on the emergency procedure for opening the fuel flap actuator on the owner's Handbook, therefore apply the label for the correction.

Solution for the network:

Update the Owner's Handbook by following the instructions contained in this bulletin.

Technical Procedure

Applying the label

1. Depending on the owner's handbook language choose the appropriate label's language and apply it on the chapter entitled "REFUELING", precisely in the section Opening the fuel door manually in case of emergency (see the image below).

For any further query do not hesitate to contact the Technical Support.

2. Apply the replacement label.
