CONDITION

Some customers may experience an Entune[™] update pop-up message after every key cycle.

Home	10:53					
			2			
An Entune App Suite update is required. Would you like to start downloading?						
Now	See Detail	Later				
Register F	hone					

RECOMMENDATIONS

This is due to an incomplete or corrupt Entune[™] update download. Delete personal data on the head unit, then apply the Entune[™] update.

To apply the update, do the following:

If the vehicle is equipped with a DCM, select the "Now" button. If the vehicle is not equipped with a DCM, connect a phone with latest Entune[™] 3.0 App installed, then select the "Now" button.
