DELIVERY STOP: F60 PHEV WIRING HARNESS EME

MODEL

F60 - MINI Cooper S E Countryman ALL4			
---------------------------------------	--	--	--

SITUATION

A Delivery Stop has been issued (effective June 6, 2019) on certain Model Year 2018-2019 MINI Cooper S E Countryman ALL4 vehicles that have been produced from November 24, 2017 through September 26, 2018. The wiring harness for the EME connector may chafe on the power electronics under certain circumstances.

Approximately 103 vehicles are affected by this delivery stop.

Do not deliver to a customer, a New, Certified Pre-Owned or Used vehicle subject to a Delivery Stop, until the vehicle is repaired. Do not use or sell replacement equipment/parts subject to a Delivery Stop.

Affected vehicles show the campaign as "Open" when checked either in Warranty Vehicle Inquiry, AIR or ISPA Next and identified with the description: STOP013791 M610219 Delivery Stop: F60 PHEV Wiring Harness EME.

All of the other systems including DAR and the RDR system will show the Stop Sale Sign starting tomorrow. Please utilize the Inventory Campaign Details under ROSS which shows all vehicles that have a Stop Sale in your inventory.

The bulletin will be updated when additional information becomes available.
