

Technical Service Bulletin

66 Rear license plate - decorative frame cannot be installed

66 19 65 2055713/1 July 22, 2019.

Model(s)	Year	VIN Range	Vehicle-Specific Equipment
Q3	2019 - 2020	All	Not Applicable

Condition

When attempting to install a rear license plate with a novelty or decorative license plate frame the installation cannot be completed.

Technical Background

1. Installation of the license plate together with the novelty or decorative plate frame is not possible due to interference between the frame and the rearview camera.

Figure 1. Interference between the decorative license plate frame and the rearview camera.

Technical Service Bulletin

2. The license plate without the frame will successfully install on the rear license plate holder without any interference.

Figure 2. The rear license plate successfully installed on the new Q3.

Production Solution

Not applicable.

Service

Do not attempt to install a rear license plate with a novelty or decorative license plate frame on the new Q3. Damage to the rearview camera may occur. Additionally, do not eliminate or make any modification to the rear license plate holder in an attempt to facilitate installation of the license plate with the frame to the vehicle. Any contact with the rearview camera is to be avoided.

Warranty

This TSB is informational only and not applicable to any Audi Warranty.

Additional Information

All part and service references provided in this TSB (2055713) are subject to change and/or removal. Always check with your Parts Department and/or ETKA for the latest information and parts bulletins. Please check the Repair Manual for fasteners, bolts, nuts, and screws that require replacement during the repair.
