

## TECH TIP: Button Stuck in Rearview Mirror

NUMBER: TT074

MODEL: 2020 Telluride

DATE: August 2019

**Symptom:** Vehicle auto-dialing Roadside Assistance

Error message displayed on Audio Screen: “A button in the rearview mirror is stuck. Please check button status.”

**Repair:** The message states to check the rear view mirror however this is incorrect. Please inspect the road side assistance button on the overhead console instead. The road side assistance button was moved to the overhead console but the software was not updated.

Note: Tech Tips are not a substitute for proper diagnosis.
