Service Bulletin**

## General Information

All model year 2015 Cascadia vehicles with 125-inch Sleeper Cabs need to be inspected for proper windshield wiper operation. Various conditions and symptoms regarding wiper performance have been observed that may be related to the wiper motor and/or wiper functionality. This bulletin serves as notice to inspect and repair the wiper system via the published procedures in the following Service Bulletins for inspection and repair:

- **SB 82-018** — Wiper Motor Repair
- **SB 82-019** — Wiper Not Functioning Continuously

## Warranty

This is an informational bulletin only. Warranty does not apply.
