Audi Warranty

Number: AWA-17-01

Subject: “Extended Emissions Warranty” Limited Warranty Extension for Model Year 2015 A3 2.0L TDI vehicles

Date: Jan 12, 2017

Dealers: U.S., Puerto Rico

This document modifies the Audi Warranty Policies and Procedures Manual.

Effective Reception Date Jan 12, 2017

Updated May 22, 2018: Revised parts list

Updated September 18, 2019: Added information about vehicles with a totaled status, and revised “Loaner Vehicle Applicability” statement.

For Audi 2.0 L TDI vehicles repaired by the emissions modification recall, the following warranty extension is applicable.

“Extended Emissions Warranty” Limited Warranty Extension

The Limited Warranty Extension is applicable to Model Year 2015 A3 2.0L TDI vehicles with engine code CRUA.

Warranty Period

Once the updated emissions control system software has been installed, Audi will extend the Emissions Control Systems Warranty for certain emissions-related components. The warranty period for the “Extended Emissions Warranty” is the greater of:

- ▶ 11 years or 162,000 miles, whichever occurs first, from the vehicle’s original in-service date; OR
- ▶ 5 years or 60,000 miles, whichever occurs first, from the date and mileage of Phase 1 of the emissions modification. At the time of the subsequent Phase 2 modification, the extended warranty will be honored for 5 years or 60,000 miles, whichever occurs first, from the date and mileage of the completion of Phase 2.

The vehicle’s original in-service date is defined as the date the vehicle was delivered to either the original purchaser or the original lessee; or if the vehicle was first placed in service as a “demonstrator” or “company” car, on the date such vehicle was first placed in service.

Transferability

This limited warranty extension is fully transferable to subsequent owners.

What is Covered Under this Limited Warranty Extension

The “Extended Emissions Warranty” limited warranty extension consists of two parts, the Emission Control System Warranty and the Engine Long Block Warranty.

Warranty Policies and Procedures Bulletin

Emission Control System Warranty

The emissions control system warranty covers all components which are replaced as part of the emissions modification and any component which can reasonably be impacted by effects of the emissions modification. The warranty includes the following parts or systems:

- ▶ The entire exhaust after treatment system, including the Diesel Oxidation Catalytic Converter, the Diesel Particulate Filter, the Selective Catalytic Reduction converter, the dosing injector and other Diesel Exhaust Fluid system components, the exhaust flap, and all sensors and actuators;
- ▶ The fuel system, including fuel pumps, high pressure fuel rail, fuel injectors, pressure control valve, and all sensors and actuators;
- ▶ The EGR system, including EGR valves, EGR cooler, EGR filter, EGR temperature sensor, all related hoses and pipes, and all sensors and actuators;
- ▶ The charge air temperature sensor and air-mass sensor;
- ▶ The turbocharger, including the turbocharger damper; and
- ▶ The On-board Diagnostic (OBD) system, including SCR DEF quality sensor.

Engine Long Block Warranty

The engine long block warranty shall cover the engine sub-assembly that consists of the assembled block, crankshaft, cylinder head, camshaft, and valve train.

What is Not Covered Under this Limited Warranty Extension

This Limited Warranty Extension does not cover:

- ▶ Any damage or malfunctions caused by installation of non-EPA or non-CARB certified parts, or parts that alter the performance of the engine, engine controls, or exhaust system, such as the installation of engine management components ("chipped" or "tuned" ECMs) not approved by Audi.
- ▶ Other conditions unrelated to the emissions modification that may cause the MIL to illuminate. These conditions may require repairs that are needed for proper diagnosis of the underlying condition. Any repairs that are (1) necessary for proper diagnosis of these other conditions or (2) required to bring the vehicle's emission system up to factory specifications are not covered by this limited warranty extension.
- ▶ Damage or malfunctions caused by outside influence, such as damage due to an accident, or vehicle misuse or neglect, as well as repairs that are (1) necessary for proper diagnosis of these other conditions or (2) required to bring the vehicle up to factory specifications, are not covered by this limited warranty extension.

Warranty Extension Coverage Limitations

The warranty and maintenance information that came with the owner's vehicle contains information on the limited warranties applicable to their Audi model. Owners should read these limited warranties carefully to determine their warranty rights and obligations, as this information also applies to the coverage provided to them in this warranty extension.

Warranty Policies and Procedures Bulletin

Vehicle Eligibility

To determine if a vehicle repaired by the emissions modification recall is eligible for the “Extended Emissions Warranty” limited warranty extension, check the VIN in ElsaPro > Vehicle Data. If the warranty extension is applicable to the vehicle, the "Enhanced Coverage" section of the "Vehicle Data" screen in ElsaPro will be populated with the warranty extension parameters.

This Warranty Extension is applicable for vehicles with a totaled status as long as the previous damage is not the cause of the current failure.

Loaner Vehicle Applicability

The cost or provision of a loaner vehicle for this warranty extension is applicable when the vehicle is projected to be in the dealership’s possession for 3 or more hours.

SAGA Warranty Claim Type

Dealers must use claim type G14 when submitting warranty claims for the “Extended Emissions Warranty” limited warranty extension.

Important Information

For conditions that illuminate the MIL and are not listed as a Service Number or Component below, submit the extended emissions warranty claim using Service Number S657. Ensure that a Guided Fault Finding log showing the DTC is uploaded to GFF Paperless before the claim is submitted through SAGA. If you have any question or doubt about whether a component is covered under this warranty, contact Audi Warranty.

Component Description	Service Number	Component Description	Service Number
Block/crankcase	1009	Cylinder head	1570
Freeze plug	1011	Cylinder head gasket	1571
