TECHNICAL OPERATIONS

SUBJECT: **DISTINGUISHING ADAS SYSTEM COMPONENTS**

This Pitstop provides information regarding the Advanced Driver Assistance System (ADAS) on 2019-2020MY Forte vehicles, which come with Forward Collision Avoidance (FCA) as standard equipment and include a forward facing camera located on the windshield. Some models equipped with Smart Cruise Control (SCC) will also have a front radar located behind the front bumper.

Vehicles equipped with Forward Facing Camera (A) only should be diagnosed under the **MFC** system when using the KDS.

- Vehicle equipped with Forward Facing Camera (A) and Front Radar Assembly (B) should be diagnosed under the **FCA** system when using the KDS.

A. Forward Facing Camera

B. Front Radar Assembly
