## SERVICE BULLETIN

**APPLICABILITY:** 2020 Subaru Vehicles **NUMBER:** 15-249-19R  
**SUBJECT:** 2020 Audio/Navigation & Power Amplifier **DATE:** 09/18/19  
Exchange Component Identification and **REVISED:** 10/21/19  
Procedures

### INTRODUCTION

This bulletin contains illustrations of exchange components and their manufacturer as well as a description of the proper exchange procedure. The exchange program policy can also be found in Sections 8.4.9 and 11.2.10 of your Claims Policies and Procedures Manual found in Subarunet.

### CONTENTS

Within the terms of the Basic New Car Warranty and the one year Replacement Parts Warranty, the Exchange Program provides for replacement of a defective unit from the manufacturer.

In the event the vehicle is “New” and “In-stock”, inform the Service Center. A new unit will be supplied rather than a remanufactured unit. If the Service Center is unable to provide a new unit, immediately contact a Subaru Retailer Claims Specialist at 1-866-782-2782 prior to placing an order for further instructions.

The replacement of a new unit, other than new units supplied through the exchange program, requires authorization from a Subaru of America, Inc. Retailer Claims Specialist at 1-866-782-2782. An authorization code will be provided and must be included upon claim submission.

Vehicles that have been placed in demo service should use exchange units only.

**CAUTION: VEHICLE SERVICING PERFORMED BY UNTRAINED PERSONS COULD RESULT IN SERIOUS INJURY TO THOSE PERSONS OR TO OTHERS.**

Subaru Service Bulletins are intended for use by professional technicians ONLY. They are written to inform those technicians of conditions that may occur in some vehicles, or to provide information that could assist in the proper servicing of the vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do the job correctly and safely. If a condition is described, DO NOT assume that this Service Bulletin applies to your vehicle, or that your vehicle will have that condition.

**Subaru of America, Inc. is ISO 14001 Compliant**

ISO 14001 is the international standard for excellence in Environmental Management Systems. Please recycle or dispose of automotive products in a manner that is friendly to our environment and in accordance with all local, state and federal laws and regulations.

## EXCHANGE PROCEDURE FOR ALL EXCHANGE COMPONENTS

- 1) The defective chassis should remain in the vehicle until the exchange unit is installed.
- 2) Contact the applicable Service Center with the following information:
  - Retailer Code
  - Retailer Name and Address
  - VIN - All 17 Characters
  - Date of Vehicle Sale
  - Vehicle Mileage
  - Caller's Name and Telephone Number
  - Claim Number
  - Face Plate ID Number (Clarion only)
  - Subaru Part Number as shown in this bulletin
  - Customer Complaint
  - Customer Last Name

At this time, the Service Center will issue an exchange number. It is required that this number be provided upon claim submission.

An exchange chassis along with an exchange form will be shipped within 72 hours. If the exchange chassis is not received within 5 days, call the Service Center. Provide the operator with the exchange number when making inquiries.

- 3) Install the exchange unit as soon as possible upon receipt. Return the defective chassis to the manufacturer within 30 days. Return freight charges may be claimed as sublet, provided the repair was performed under the terms of the Basic New Car Warranty. Copies of the freight invoice should be attached to the repair order.

If the exchange unit has not been installed or the failed chassis has not been returned within 30 days, contact the Service Center. Reference the exchange number and explain the circumstances causing the delay. An extension will be granted or the retailer will be instructed to return the exchange unit. Failure to comply will result in a "charge back" to the retailer for the cost of the exchange unit.

The retailer must return the failed component in the same approved packaging that the exchange unit arrived in. Harman exchange units arrive with a pre-paid return shipping label. A hard copy of the printout from the on-line order or the Exchange Request Form must be included in the core return package. Failure to use proper packaging could result in a "charge back" for the cost of the exchange unit and shipping.

**NOTE:** Activation of all subscription based services is the responsibility of the vehicle owner.

**NOTE:** Do not disassemble any unit to retrieve a lodged CD prior to returning to the manufacturer. See Section 8.4.9.4 of the Claims Policies & Procedures on-line manual for the policy on returning the CD(s) to the customers.

**NOTE:** For the "Audio Out of Warranty Exchange / Repair Program" refer to the Added Security Section 11.2.10 or Policy Adjustment Section 12.6.1 of the Claims Policies & Procedures on-line manual.

## RETURN OF LODGED CD

In the event a CD becomes lodged in the CD Player, do not disassemble the unit to retrieve the CD. Please use the following procedure:

- 1) Follow the normal exchange procedures for requesting a replacement unit.
- 2) For the lodged/CD, record a daytime telephone number where the customer can be reached and retain in customer's file.
- 3) Remove the defective unit from the vehicle and return it to the manufacturer. The CD that has been successfully removed by the manufacturer will be returned directly to the retailer within 10 calendar days. It is the retailer's responsibility to notify the customer when the CD is returned.

**NOTE:** In the event a CD has been damaged, the manufacturer will reimburse the customer through the dealer at \$15.00 per damaged CD. The retailer must in turn reimburse the customer. Only commercially produced CD(s) can be included in the reimbursement program.

## SATELLITE ACTIVATION INSTRUCTIONS

### CLARION & DENSO

If you need to perform a warranty exchange on any radio that is factory equipped with a Clarion or DENSO satellite radio, please follow the instructions below. Going through the process will ensure that any fee for the new radio is waived and will ensure your customer continues to receive their satellite radio programming without any interruption of service.

- Step 1.** Call Sirius XM Retailer Support at 1-800-852-9696 and let the agent know you are doing a warranty exchange on a Subaru vehicle.
- Step 2.** Provide the agent with the old Radio ID and ask them to transfer the service on this radio to the new Radio ID. Confirm with the agent that the old Radio ID has been deactivated. *(To find the Radio ID, go into satellite radio mode and tune to channel "0", the Radio ID will display for you, it will be 8 alpha-numeric characters long).*
- Step 3.** Confirm which services you are transferring e.g. Audio only or Audio and Traffic.
- Step 4.** Ask the SXM Dealer support agent to send an activation signal to the new radio and confirm the radio is working. Retailers can also perform a signal refresh if necessary by entering in the Radio ID into the following URL, [www.siriusxm.com/oemrefresh](http://www.siriusxm.com/oemrefresh)

**NOTE:** If the unit is inoperative, call Sirius XM for assistance in identifying the existing radio ID number.

**AUDIO/NAVIGATION & POWER AMPLIFIER COMPONENT OUT-OF-WARRANTY EXCHANGE / REPAIR PROGRAM**

Vehicles outside the terms of the New Car Basic or Parts Warranties may utilize the Audio Exchange/Repair Program which is to be referenced as an “Out-of Warranty Exchange Program”. Subaru Added Security Gold Plus customers are entitled to this “out-of-warranty” exchange program when the failure meets the terms of the Agreement.

The out-of-warranty exchange program is intended to enhance customer satisfaction by providing a prompt exchange with a quality factory serviced audio unit which has been refurbished to the highest standards.

All out-of-warranty orders will be subject to Supplier availability. In case of low stock, “in-warranty” orders will take priority over “out-of-warranty” orders. In general, this program is for internal failures and does not include exchanges for damage (spilled liquid, scratches, etc.) Speak with the Audio/ Navi. Supplier to determine exchange eligibility.

Out of Warranty Exchange Program procedures are outlined below. Please have the following information available when contacting the Service Center.

- Retailer Code
- Retailer Name and Address
- VIN – All 17 Characters
- Date of Vehicle Sale
- Vehicle Mileage
- Caller’s Name and Telephone Number
- Claim Number
- Face Plate ID Number (Clarion and Fujitsu Ten only)
- Subaru Part Number
- Customer Complaint
- Customer Last Name
