Temperature Display Revert from Fahrenheit to Celsius	19 – 20MY E-PACE & All New RR Evoque
<p><u>Customer Voice:</u></p> <ul style="list-style-type: none">• Customer states Temperature display in Instrument Pack reverts from Fahrenheit to Celsius with no user input. <p><u>Technical Description:</u></p> <ul style="list-style-type: none">• Instrument Pack software issue <p><u>Status:</u></p> <ul style="list-style-type: none">• E-Pace software released on August 21st 2019.• All New RR Evoque software release on October 9th Pathfinder 253• JLRTB02004NAS1 Published for this concern	 A photograph of the instrument cluster from a Jaguar vehicle. The cluster features two analog gauges on the left and right, and a central digital display. The digital display shows the temperature in Fahrenheit (77°F) and the unit 'F'. The gauges include a speedometer on the left and a tachometer on the right. The steering wheel is visible at the bottom of the frame.
