Involved Region or Country	<b>North America</b>
Condition	Some customers may comment the sunroof, rear sliding window, and/or the wireless charging mat may be inoperative. Technicians may find the F2DL or F8DL open.
Cause	Harness chaffing at the hinge area of the center console.

**Correction:**  
Inspect the center console harness at any part of the hinge area for chaffing. See example below.

If any harness damage is found, repair as necessary.

### Warranty Information

For wiring repairs covered under warranty, please refer to the latest version of bulletin 10-00-98-005 for warranty information on wire/connector repairs.
