REF #: ICI19-061
Effective: 11/07/2019
Release: 11/07/2019

SUBJECT: DDC Revised Field Service Bulletins – D18M3 & D19M1

This letter is to inform you that revised bulletins for two Detroit Diesel field service campaigns are available on DTNAConnect. Please print and use the revised bulletins for all work from this point forward.

- **D18M3** – Heavy Duty Engine Platform Oil Suction Manifold

  REVISION: The "Warranty Information" table on page 6 has been updated to change the removed parts disposition to **Scrap**.

- **D19M1** – GHG17 Detroit DD16 Software Reprogramming

  REVISION: The "Warranty Information" table on page 9 has been updated to add a corrective action of **06 – Inspect** or **12 – Repair Recall/Campaign** to the SRTs, as appropriate.

If you have questions or need further information, contact the Warranty Campaigns Department by submitting an inquiry through the WSC Link on DTNAConnect.

The information contained in this letter supercedes and supplements any related policies and procedures in any previously released bulletins, the Warranty Manual, and/or previously released letters. Failure to read or distribute this letter will not exempt addressees from compliance with the information contained herein.
