## 2019 Beetle Service Reminder Reset

## Resetting the oil service reminder

If the service was not performed by an authorized Volkswagen dealer or an authorized Volkswagen Service Facility, the oil service reminder can be reset as follows:

- 1. Switch off the ignition.
- 2. Press and hold the **0.0/SET** button in the instrument cluster.
- 3. Release the **0.0/SET** button.
- 4. Switch on the ignition.
- 5. A confirmation message appears in the display. Confirm request the **OK** button on the multifunction steering wheel.

## Resetting the inspection service reminder

If the service was not performed by an authorized Volkswagen dealer or an authorized Volkswagen Service Facility, the inspection service reminder can be reset as follows:

- 1. Switch off the ignition.
- 2. Switch on the emergency flashers.
- 3. Press and hold the **0.0/SET** button in the instrument cluster.
- 4. Switch on the ignition.
- 5. Release the **0.0/SET** button.
- 6. A confirmation message appears in the display. Confirm request with the **OK** button on the multi-function steering wheel.
- 7. Switch off the emergency flashers.
- Do **not** reset the service reminder between service intervals; otherwise, incorrect information will be displayed.
- The service reminder disappears after a few seconds or after the **M** button on the multi-function steering wheel has been pushed.

## For current fluid capacity charts, please refer to the Maintenance section in Elsa.
