

SS 1034579 WST Rocore Cooler (07-23256-001) Premature Failures

Applicable Vehicles

All WST Models equipped with Allison Transmission and Rocore Transmission cooler (07-23256-001) with tow pin front X-member

Concern

Rocore coolers 07-23256-001 are failing prematurely

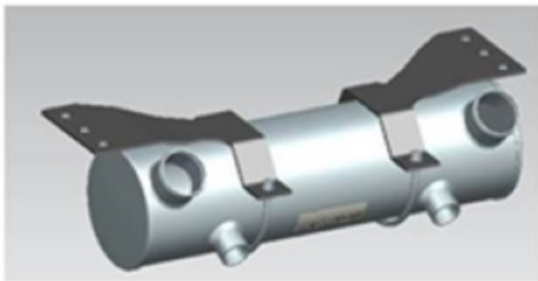

Corrective Action

There is a new stainless steel cooler offered in Pargon (07-25266-000). This cooler is a direct replacement cooler and requires no modifications or plumbing changes. (see illustration below)

NOTE: The new stainless cooler will become standard with new builds in early 2020 as a permanent solution. This Service Solution will be updated at that time.
