New Prices for Certification Labels, Tire Pressure Labels, and VIN Labels

This Bulletin replaces Parts Bulletin Group 13 D1, dated 3-26-13.

Attention: **Parts Managers / Service Managers**

All label requests must be submitted by using a **PRMS Ticket. Classification Step 1: Parts Support->Classification Step 2. Labels.** Label requests will no longer be accepted via the previous fax number. By utilizing PRMS, these advantages will be realized:

- Improved tracking
- No more lost FAX forms
- PRMS number to reference
- Faster transfer of information

Additional Information:

- Metal VIN plates for non-17 character VINs are no longer available.
- Certification labels can only be ordered for Model Year 1989 and newer vehicles.
- Remember to include the vehicle three character color code for all 2005 and forward Tire Pressure Label Orders.
- Expect ETAs of approximately 4–5 weeks for all labels described in this bulletin to produce and ship from Germany.
- Proof of ownership **MUST** be provided with initial request.

Should you have any additional concerns, contact AfterSales Parts Support.
