Requirements for Emissions Campaigns Having Customer Notification (CALIFORNIA ONLY)

The California Air Resources Board and the Department of Motor Vehicles (DMV) require emissions-related campaigns to be completed prior to vehicle registration renewal. **When campaign work is done you must provide the owner with a signed “Vehicle Emission Recall – Proof of Correction” certificate (RC EMISCAVWAU).** Certificates can be ordered at no cost online via the Compliance Label Ordering portal.

Please note: This action is fully independent of the approved diesel modification recall on TDI vehicles. For owner convenience, this action can be performed at the same time as other service work, but can also be done independent of the diesel modification. Owners do not need to receive the diesel modification in order to receive this repair.
